HOME AGENT'S NOTES

"Consumers Marketing Information Co-operating with County Extension Service"

Is it or isn't it - it makes no difference, just so you get it! It's your best health bargain. You know what it is! Milk!

It's a bargain and a perfect food for nearly everyone from grandpa to the baby - and don't forget the family cat!

You pay 20c to 22c a quart for fresh whole milk. What do you get? You get calcium for building and rebuilding bones and teeth, and get vitamins to help in building good skin and nerves. You get protein for building body tissues. You get a lot of value for about the price of a glass.

And you can either eat milk or drink it - depending on the form it takes - it may be cheese, ice cream, custard, or milk made with milk, or milk drinks. The ways in which dairy products may be used are almost unlimited.

Cheeses and ice cream can replace part of the milk you need each day. This can be figured on the basis of the amount of calcium. For instance one-half cup of ice cream will give you as much calcium as one-fourth cup of milk. And a one-half cup of custard has the same amount of calcium as two-thirds cup of milk. Or one-half cup of cottage cheese will give you the same amount of calcium as one-third cup of milk.

June Dairy Month is always a good time, when dairy production reaches its peak to check up on ourselves.

Whether we eat it or drink it, it really doesn't matter just so we're sure we adults get the equivalent of at least two cups of milk a day and the youngsters get their quota of a quart a day. Don't forget to remind the kids that milk is the food of athletes. We never outgrow our need for milk.

For Ice Cream Topping
Butterscotch Cream Sauce
1 1/2 cups brown sugar, firmly packed
2c cup light corn syrup
1/4 cup butter
4 drops vinegar
1/2 cup top milk

Combine brown sugar, syrup and butter in saucepan, cook to 265 degrees on the candy thermometer, or until small amount forms a soft ball in cold water. Remove from heat, stir in vinegar and slowly add cream, mixing thoroughly, serve hot.

The sauce may be kept in a covered jar in refrigerator and reheated over hot water if desired. Makes 2 cups.

Local Student Qualifies For Survey School
Lansing, June 12—Forty Michigan young men, who are graduating from high school this month, have qualified for an 8-week course in surveying at the University of Michigan's summer survey school at Camp Davis near Jackson, Wyoming. Highway Commissioner John C. Mackie announced today. The school is sponsored jointly by the University's School of Engineering, the Michigan Road Builders' association and the State Highway Department. John C. Mackie, Grayling high graduate is the group's top qualifier in a field of 88 students who took a competitive civil service examination. Entrance requirements included completion of trigonometry course in high school and application for Camp Davis prior to April 1st of this year.

The summer course at Camp Davis is intended to stimulate interest in highway engineering and to provide future engineers for the Department. It covers the fundamentals of elementary surveying (measurements with a tape, level and transit) and the application of this material to highway surveying. The material covered is equivalent to a course in elementary surveying and about half of a course in route surveying as given at many colleges and universities. Most colleges and universities will accept the work done at Camp Davis as partial credit toward the completion of surveying requirements for a degree in civil engineering. Since the course was started in 1953, 220 high school graduates have enrolled.

Airman Larry McGill arrived on Saturday from his base in New Mexico to spend a 30 day furlough with his parents, Mr. and Mrs. Dick McGill.

Frances Hebel and Kathleen Anderson of Flint spent the weekend with their parents Mr. and Mrs. Bert Plagens, and on Sunday all of the Plagens family gathered at the parental home for Sunday dinner celebrating Father's Day.

Mrs. Carrie Bavham, Bessie and Dora Feldhauser, accompanied by their father Ed Feldhauser, and Carol Ann Bavham attended the Home Extension tour to the

THE WORLD OUTDOORS

THIS great nation has thousands of valuable assets, but three of the most important are people, industries, and public lands.

Our strength, of course, is in the people—in their spirit, enthusiasm for life and liberty and devotion to country. The people have made our nation great, through the development of the "muscle" that is great industry as well as the wise utilization of natural resources.

Yet we are a growing nation. Each hamlet, village and city gradually, sometimes rapidly, expands its borders and fields and woodlands give way to new buildings, superhighways, new industry.

And, because we are a growing people and because our communities are ever-expanding outward, it is imperative that we continue to make wise use of our public lands.

Camping and fishing are among the important uses of federal and state public lands. With our population ever increasing, it will take more public lands in the future to accommodate weekend sportsmen.

The public lands are not only for the sportsmen. Our national parks and monuments are scenic attractions for tourists, campers, and thousands of visitors every day.

Public lands, too, are a safe sanctuary for wild animals. There are more than 216 federal refuges and ranges administered by the U. S. Fish and Wildlife Service—comprising some 18,000,000 acres where all wildlife is protected.

Logging and oil development on public lands, under carefully controlled regulations, brings money into the U. S. Treasury.

Prehistorical Zoo Garden at Oshtemo, Mich., on Wednesday.

Mrs. Pearl Babbitt was hostess to the home extension club on Tuesday night. The next meeting will be on June 24th at the home of Mrs. Carrie Bavham.

Mr. and Mrs. Duane Thompson and daughter of Alpena spent the weekend with their parents, Mr. and Mrs. Charles Thompson.

Dick McGill entered Gaylord Memorial Hospital on Sunday night for observation.

Mr. and Mrs. Arthur Howse went to Green Bay, Wis., last Tuesday returning Wednesday and bringing Pamela Roe for a vacation.

Explorer Scout Leader Dale Redman with 8 Explorer Scouts went to Canada for a fishing trip last week. Fred Dunkley and Tom Petersen were assistants on the trip.

Mr. and Mrs. Alfred Hummel, Sr., spent Saturday in Grayling and attended the wedding of her granddaughter Lila Bunker.

Jimmy Bissau had the misfortune to fall from a horse on Friday. He was in the hospital over night.

Mrs. Myrtle Smith is visiting her son Clyde Smith for a few days.

4-H CLUB

On June 9th the Maple Forest 4-H Club held their second meeting. We had a few new members and we found out what each of the new members were going to take so that we could send for the books we needed.

If there is anyone who would like to join we would like to have them. The next meeting is June 16th at 8 o'clock.

THE BUDGET BUREAU has
sprung around in favor of step-
ping up merchant shipping activ-
ity in the Great Lakes. Early in
May I warned that the 1959 fed-
eral budget would freeze out
Great Lakes shippers by denying
them the same operating differ-
ential subsidies enjoyed by salt
water interests. What good is the
St. Lawrence Seaway unless our
shippers can take full advantage
of its potential for economic
growth? Apparently these words
took effect. The Senate Appropri-
ations Committee, with the con-
sent of Budget Director Maurice
Stans, has granted Lake shippers
for another 75 voyages. I
expect to keep an eye on this sit-
uation to insure that Lake ship-
pers are not hamstringed in relation

to ocean operators.
A RESERVE SHAKEUP will
hit five Michigan cities next
month when the Air Force re-
vamps the structure of its non-
flying reserve program. On July
8 squadrons will be discontinued
in Bay City, Flint, Jackson and
Muskegon, with a new unit - the
2480th Air Reserve Training
Wing Headquarters - to be activ-
ated in Detroit. The changes are
part of Continental Air Command
streamlining. Wherever an Air
Reserve Unit is discontinued, its
members will be reassigned to a
nearby unit. This holds true for
the 49 reservists at the Bay City
Air Reserve Squadron, the 13 at
Flint, 66 at Jackson and 48 at
Muskegon. The new Detroit
Headquarters will have an author-
ized strength of 5 officers, 7 air-
men and 3 civilians, and will ad-
minister reserve training pro-
grams at Chicago, Detroit, Grand
Rapids and Fort Wayne.
Best wishes.

Pictured are LCDR Henry Sherry of the U. S. Naval Reserve,
Larry LaGrove and Tom Galvani, who were sworn into the Reserves
Monday night, June 8th, and Lt. Arthur Thayer, also of the Re-
serves. Also enlisted from this area were Jerry Barber and John Cox,
who is beginning his six-year obligation in military duty by taking
his recruit training at Great Lakes Naval Training Station June 9th
through 21st. These boys will serve in the Reserve for two years on
active duty, three years drilling reserve, and one year inactive Re-
serve. There are many ways in which boys may serve their six-
year obligation, the Naval Reserve proving attractive to several in
this area.

Interested in knowing that we are offering our meals and services at no increase in prices during the Macdonald Bridge Festival. Come Back Again and See Us! To this little gem the Tourist Associations signed their names. Now, as an inveterate tourist myself, something like this would make me think twice about ever coming to Michigan a second time. Every time I read that thing, I think to myself, "But just wait until after the festival, and brother, we'll give you a good old-fashioned Michigan treat." For, fortunately for the Michigan resort and tourist business, most of those who received these posters threw them away, an indication that the operators have a good deal more common sense than those they pay to represent them in Bay City and Grand Rapids.

Lastly, I don't know who is supposed to clean out those Litter Barrels placed at all the river landings, but something should be done about the one at Smith Bridge on the South Branch. Looks like the City Dump. Even though the Smith Bridge road is closed, it doesn't mean that people don't use the river... and the barrels don't know how it is over on the Main Street, so must be specific about Smith Bridge. What a fine credit to Water Wonderland that mess is!

these games and to witness some outstanding competition. The league seems to be quite balanced this year, with all the teams greatly improved. Myron Burrows has been selected to fill the important league position of Superintendent of Grounds and Facilities and has been doing a creditable job. Ted Horning is the official scorer for all league games this year.

Bits O' Talk

Mr. and Mrs. Bernard Fowler are happy over the arrival of a 9 pound 6 oz. son, Stuart John, who was born June 12th at Gaylord hospital.

Mr. and Mrs. William Jack Millikin and family and Mr. and Mrs. Monte Malonen and daughter spent Sunday in Saginaw visiting Mrs. Millikin's aunt and uncle, Mr. and Mrs. William Bruening. Ricky Millikin was one year old the 15th, so it was a celebration for him too.

Mr. and Mrs. Howard Schmidt and children Bobby and Genevieve visited his mother, Mrs. H. C. Schmidt last week.

Mrs. Holger Hanson's brother, John Moore, and nephew, T. Martin, both of Saginaw, called on her Sunday. Mr. Hanson's nephew, Mr. and Mrs. Harvey Chandler of Detroit, spent the weekend visiting them.

Mrs. William MacLeod returned Sunday from a visit with her sister, Mr. and Mrs. Elmer Dunham, in Lansing, bringing her nieces Karen and Cathy Dunham with her for a visit. Son Jon and Mrs. Sena Wium accompanied Mrs. MacLeod. While there the MacLeods attended a piano recital in which Karen took part at the ladies' parlors of the People's Church in Lansing. Her husband, Mrs. Marian Corey and Mrs. Hazel Kowalski's pupils. The Dunhams will be here this weekend for two weeks.

Mr. Joseph Lennert and son Tommy left Wednesday of last week after a ten-day visit with her parents, Mr. and Mrs. Roy Swanson.

Mr. and Mrs. Arthur Wakeley and sons Arthur and Joe and Mrs. Mildred Wakeley, John Schofield, spent Friday and Saturday on a trip to the Soo.

Mr. and Mrs. John A. Schofield and daughter, Glenda, spent the weekend in Big Rapids, visiting Mr. and Mrs. Larry Galehouse and family.

Mr. and Mrs. Don Gothro took their daughter Karen to Royal Oak Saturday, where she underwent surgery Tuesday. Her address is The William Beaumont Hospital, 3601 West 13 Mile Rd., Royal Oak, for friends who would like to send cards.

Mr. and Mrs. T. P. Peterson attended a family reunion at Vassar on Sunday.

HONORED WITH BRIDAL SHOWER

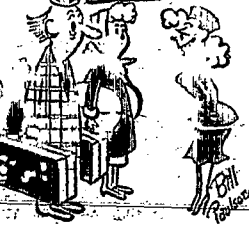

Mrs. William Joseph was the hostess Wednesday of last week to about twenty ladies, who gathered at the Joseph home to provide a linen shower for Miss Martha Stillwagon. Games were played with entertainment, with prizes won by Mrs. B. E. Hennig and Mrs. Robert Sorenson being presented to the bride-to-be. Dessert and coffee were served.

Miss Martha Stillwagon was guest of honor at a miscellaneous bridal shower Monday evening, given by Miss Claudette Long at her home. Twenty guests enjoyed games, with Diane Madill, Shirley and Sally given prizes near turning over their prizes to the bride-to-be. The game-room was decorated with crepe paper streamers from which wedding bells depended. Afterwards, the bride-elect opened her many lovely and useful gifts, assisted by the hostess.

Refreshments of salad, ham, baked beans, relishes, hot rolls, coffee were served, with a beautifully decorated cake on which the names Martha and Jim were inscribed.

IT PAYS TO ADVERTISE IN THE "AVALANCHE"

Crawford County Rated High In Buying Power

(Special to the Avalanche)

New York, June 9 — Crawford County stood out as a vigorous, flourishing market last year, with a level of income and spending above that found in most sections of the United States.

The facts are brought out in Sales Management's new, copy-righted "Survey of Buying Power" covering all parts of the country.

It shows that business activity in Crawford County reached new heights in the year, with retail stores chalking up a sales volume of \$6,211,000, topping the \$5,384,000 record of the prior year.

The amount was considerably greater than might have been expected on the basis of population. From that standpoint, retail business locally should have amounted to only 60.25 percent of the national volume. Actually, however, it came to 103.1 percent.

The spending pattern of the consuming public, although it changed somewhat in the last quarter of the year, was that of a prosperous, growing community. It produced gains for nearly every type of retail and service business.

Better earnings made possible the large-scale spending. The survey shows that net incomes locally after deduction of taxes, amounted to \$4,482,000, an increase over the \$3,890,000 accounted for in 1956.

This was equivalent to \$4,075 per household, an arithmetic average arrived at by dividing total

income by number of households. The fact that retail sales exceeded earnings locally shows that Crawford County is the trading hub for the surrounding area.

Just how well individual communities stand with relation to others as to purchasing ability and business activity is shown in an index-of-sales-production. For Crawford County the index rating is 124, or 24 percent above national average.

More recently, under the business decline, there has been a change throughout the country in the attitude of people toward money. An urge to save has replaced the urge to spend. As a result, savings have increased nearly \$20 billion in just one year, bringing liquid assets to over \$800 billion.

This is a huge amount of pent-up purchasing power. The release of just a small part of it, when the buying mood returns, is expected to have a major effect on the economy.
